MORNING WALK

Frank Vano

This print was awarded first place in Class B on June Pictorial Print night. It was taken before breakfast at Oak Openings on that memorable week-end in May. The models are Tom and Nina Fedun who didn't know they were being honored.

SPECIAL FEATURE mini - salon

September 28 will be the last time you will be able to go to Euclid Beach Park in an effort to recapture your childhood. Have you ever recorded the excitement and drama of this popular spot? Our program chairman is offering an inducement for you to do so and has scheduled a mini-salon EUCLID BEACH - A VANISHING LANDMARK for Friday, September 26. Prizes will be given to everyone who submits either prints or slides. Give your equipment a real workout on this project. Use a wide-angle, telephoto or close-up to interpret the various angles and facets of the present scene as Euclid Beach fades into the history oftomorrow. The only requirement to participate is that the picture must have been taken this year. Fill your camera with your favorite film and let's go!!

Second Special Feature

What perfect timing! Halloween falls on Friday this year. An excellent idea for an eerie program. You can help make it so. Start experimenting NOW and bring in the weirdest things you can think of. Knowing our program chairman's ingenuity, we can expect anything that night. Start working on it immediately so you won't find yourself out in the cold. Make it a real Trick or Treat Night.

About People and Things

ALONG THE SALON TRAIL: Youngstown Salon acceptances: J. Brilla - 2 (1 H.M.); M. Svoboda - 1; M. Tetinek - 1; E. Miltenberger - 2; McCay - 1 and J. Moddejonge - 3. Congratulations.

Art Mernone reports acceptances in Singapore, Taipei, San Antonio and Idaho Internationals. He has now earned his first star and will concentrate his efforts on winning that "Gold Medal" in next year's club competitions.

On Sunday, August 10 a club picnic is planned for Brushwood Lake Park. This will be a "bring your own lunch affair". There seems to be so long between meetings during the summer that some of the members thought a picnic would be a good way to keep in touch. This interesting park belongs to the Akron Metropolitan Park System. There is a large field for ball for those who are interested and a number of interesting nature trails. Mark your calendar. Directions next month.

On a recent Saturday a small group went to Pennsylvania on a field trip to look for orchids. In the early morning everyone was bubbling over with enthusiasm. Coming home that night a small voice came out of the corner: "Where is that peppy gang I started out with this morning?" After a prolonged silence another voice said: "They are all bog-tired." 'Nuf said?

Did you know that Al. Dryfoos is an authority on covered bridges? He has been giving illustrated talks at various places around town.

NATURE NOTE BOOK

Have you, like I, bewailed the "Heavy dew" that has been falling during May and June? It had a purpose! The woods have never been so lush. Now that it has warmed up, the time has come to look for the best crop of fungi ever. Get off the beaten path and under the trees. Keep your eyes open! Surprise! Mushrooms come in all colors, even dark blue and black. Look! There is an orchid. You may still find coral-root, pogonia or the small fringed orchid into August, but you must have sharp eyes to find them as they are quite small. It should be a thrilling summer. Good shooting!

N. E. O. C. C. C. NEWS
