## IN MEMORIUM

In January, we lost a long-time member and friend of C.P.S., Bill Meyer. He was instrumental in the operation and fellowship of this Society for the past forty years, he passed away at the age of 85.

Bill will be long remembered for his many contributions to C.P.S. . He served as President, Print Chairman, School Director, Teacher and helped in many other ways. He will be most remembered for his black & white prints. His work exemplified his artistic abilities from both behind the camera and in the darkroom. Bill excelled in both pictorial and nature competitions. Over the year, he received many awards ranging from: Print of the Year, acceptance in the May Show at the Cleveland Art Museum, a winner in the Jewish Community Center Show and the Cleveland Press competitions. He truly added class to the C.P.S. printmaker group.

We will all miss Bill's ever-smiling face, his expert commentaries, and especially his unselfish sharing of ideas and knowledge of his craft.

Bill is survived by his wife Ruth; who is also a long-time member of C.P.S. .

Since 1984, the "Bill Meyer Award" is given to the nature black & white Print of the Year; which will serve as our permanent tribute to Bill.

As a memorial to Bill, the Cleveland Photographic Society will display print show of his work at the clubroom for the month of February. C.P.S. says "Thank you Bill - for all you've given us. We will miss you."

Joe Evanko

## OPINION

"I would like to see some of the newer members replace some of the tired warhorses who have been rotating in official capacities for so many years. This would help charge the club with new vigor and new ideas, and would also dispel any opinions that the club is in the grip of a special clique of old timers."

Quote of William J. Meyer (Darkroom Door, May 1959)

## DEADLINE

Deadline for the March issue of the Darkroom Door is Friday February 21. Please feel free to submit any articles including editorial comments, photo techniques or accomplishments of club members.
